All Industrial Division Branch Chiefs

Acting Chief, Industrial Division, ORR

Support for ORR [REDACTED] 25X1A6a

1. The ORR team, Strategic Branch, [REDACTED] has sent a request for copies of individual branch contributions to NIS's (as forwarded to D/A). Our people at Strat receive published copies of NIS's and ORR IP contributions to NIS's, but these do not provide the details that Strat finds most useful in their support of field collection activities.

2. As NIS's are completed from now on, would you please include an additional copy for Strat which we will forward to St/C and SA/AD/BR for po-ching to [REDACTED]. Because Strategic Branch appreciates the tentative "working paper" status of these contributions their use only by ORR team members for background information has been assured. 25X1A6a
